

Improved Buying Confidence with Greater Genomic **ASSURANCE**

Access to more and better information has always been key to making wise decisions. The evolution and improvement of genetic evaluation tools too has given us an ever-clearer picture of the true genetic makeup of cattle and thus a better view of the value proposition. RightMate, powered by Top Genomics LLC is taking the evaluation of genetics and genomics one giant step further. By combining specific genomic information with the long-proven value of EPDs, this new advancement in technology improves our depth and precision when evaluating the actual ability to transmit value and profit.

The 3 Accreditation Logos below are designed to simplify bull selection and improve buyer confidence by more accurately describing the genetics offered and by reducing risk. What this means to you as a customer is a much greater assurance that you are getting both what you want and need from the genetics you purchase. What it means to your seedstock provider is access to RightMate technology that simply sets them apart from the rest of the industry.

ACCREDITED GENOMIC PLUS – For the majority of producers who simply need consistent and balanced genetic improvement, without genomic setbacks, G+ Accredited bulls should be on your list for premium purchase. These sires will absolutely move you forward for both cost reduction and income producing traits and substantially reduce risk when compared to all other evaluation programs. It's simple, the right genes are in these bulls to help secure a profitable future and the they have great EPDs to match!

ACCREDITED CALVING EASE – Simply find bulls with the ACE logo for third party Accredited, secure Calving Ease bulls. Though we have had tools in the past to assist in choosing heifer bulls, we've never had one nearly this effective. The reduced risk that comes with this genomic certification will simply make your decisions easier and your heifer calving season more successful. Purchase special purpose ACE bulls with confidence. They will deliver consistent and predictable calving ease.

ACCREDITED TERMINAL MATE – Just like an ATM machine makes it simpler to access your cash, the ATM Logo highlights bulls accredited to generate extra cash income as soon as your next calf crop! These bulls are meant specifically to use only on mature cows and for the purpose of adding performance, pay weight and end product value to market.

19th Annual *Pick of the Pen* Bull Sale

SINCE 1763

Saturday, April 2, 2022 • 1:00 PM
MCDONALD FARMS, BLACKSBURG, VIRGINIA

*Our cows work for us,
so our bulls will work for you.*

MCDONALD FARMS BULL MANAGEMENT

We believe that the natural resource of forages in this area is our greatest asset when it comes to livestock production. We strive to produce cattle that can utilize this resource to optimal levels. We also know that our end product must meet or exceed the expectations of all our customers, from the commercial cattle producer, the feedlot operators, the packers and our ultimate customer the consumer. We have selected these cattle for calving ease, growth performance, milking ability, carcass quality, and calm disposition. They have been performance tested on forage rations in big pastures. We want to produce Decathlons and not a Sumo wrestler. They have been tested to be BVD-PI free, AMF/NHF/CAF, and ultrasounded. They have passed Breeding Soundness Exams and Semen tests. They are stout strong bulls ready to go to work.

19th Annual *Pick of the Pen* Bull Sale

Saturday, April 2, 2022 • 1:00 PM
MCDONALD FARMS, BLACKSBURG, VIRGINIA

Welcome to the sale...

On behalf of everyone at McDonald Farms, I would like to welcome you to our 19th Annual "Pick of the Pen" Bull Sale. This year we will be returning to our in-person at the Farm, Tel-e-auction, and Pre-placed bid Sale. We strive to make it as convenient as possible for our customers.

Additional information can be seen on our website, (MCDONALDFARMS.COM), and you are welcome to come view the Bulls the Two weeks prior to April 2nd. You can call me at 540-230-6225 or email me at info@mcdonaldfarms.com and I will be glad to answer any questions you may have to the best of my ability.

The Bulls are looking good. It's been a relatively mild Winter here in Southwest Virginia and we had a very good Corn Silage and Hay crop with late Fall grazing. These Bulls have been developed on grass and forages with a minimal amount of By-product feed. They are Stout, Rugged, Ready to Go to Work, Performance Tested individuals. They have been tested for DNA, negative BVD-PI, Breeding Soundness Exams, Semen Tested and Ultrasounded for Carcass data.

We have volume and Pick-up discounts and will be glad to keep the Bulls until May 15th. We provide Free delivery up to 150 miles and it is pro-rated beyond that distance.

Thanks to All who make this sale possible and we look forward to assisting you with your Seedstock needs.

All the Best,
Bill McDonald

McDonald Farms
2070 Walnut Springs Rd.

540-552-2520 • 540-230-6225 (c)

All bulls selling are homozygous black and homozygous polled.

WE ARE IN THE PERFORMANCE ADVOCATE AND THE WITH THE ASA. WE ARE ALSO MEMBERS OF AGR.

Performance Advocates submit complete data on all calves
Performance Advocates are recognized annually in the Register
Performance Advocates gain the privilege of using the Performance Advocate logo

Whether you are a seedstock or commercial producer, ASA has a THE option that will fit your objectives and budget. ASA's THE dam inventory program has three different enrollment options available, making it easier than ever to find the best fit for your herd. By choosing one of the THE options, you will become part of the world's largest multi-breed genetic evaluation and database.

Allied Genetic Resources (Allied) was created to help you market your cattle more effectively, and thus have the greatest opportunity to achieve the goals for your operation. You are producing the right product, in the right way and you should be rewarded for that with more profits and more opportunities. We are excited about the opportunity to leverage the strength, size and scope of this group to provide improved marketing outlets for your cattle.
